Karen P. Hicks
10/21/04

Applicant: S.C. Johnson & Son, Inc.

FORMULATION FROM LABEL:

Active Ingredient(s):
L-Lactic Acid
Other Ingredient(s):

	<u>% by wt.</u>
	2
	98
Total:	100%

- I BACKGROUND: S.C. Johnson & Son, Inc., has submitted a request for the waiver of the acute inhalation toxicity study requirement for their product, "Oscar". No study reports were included in this submission. None of the information included in this submission has been assigned an MRID Number.

The registrants reasons for the waiver request are as follows:

- 1 The product is a hard-surface cleaner formulated for trigger-spray delivery as "a heavy fast-breaking aqueous foam."
- 2 The registrant had an analysis conducted by Inhalation Toxicology Services, Ashland, Ohio. The results of this study (see attached 8/13/2004 from S.C. Johnson) suggests that the MMAD of this product is *approximately* 1797.13 μm .

II RECOMMENDATIONS: PSB findings are:

- 1 CTT/PSB waives the acute inhalation toxicity study for 4822-LGO.

Study	MRID Number	Toxicity Category	Status
acute oral toxicity	461828-03	IV	Acceptable
acute dermal toxicity	461828-04	IV	Acceptable
acute inhalation toxicity	none	IV	Waived
primary eye irritation	461828-05	III	Acceptable
primary skin irritation	461828-06	IV	Acceptable
dermal sensitization	461828-07	Nonsensitizer	Acceptable

III LABELING:

- 1 The signal word is "Caution".
- 2 The Precautionary Statements should state:

"Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or, using tobacco."
